Mann Avenue

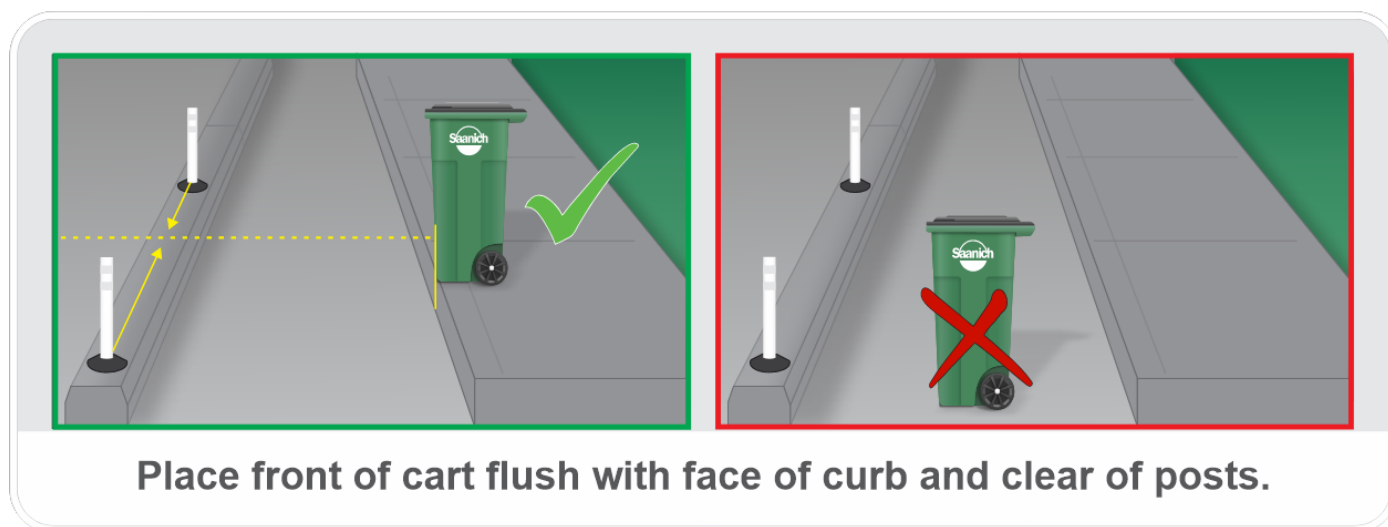

Waste Collection Update - October 22, 2024

What's happening?

The District of Saanich will be installing protected bike lanes on Mann Avenue on October 28, 29, and 30. The project will have an impact on where you place your garbage and organics carts for pick up.

Cart Placement

At locations where concrete bike lane barriers have been installed, the waste collection truck's cart tipping arm will reach out across the bike lane to pick up carts. The front side of each cart should be placed **flush with the face of the curb and clear of posts**. Please do not place carts in the bike lane.

Timeline

The new cart placement requirements will be in effect on the first collection day following the installation of the protective barriers.
